Biography

Prof. Christina Dalla is President of the Mediterranean Neuroscience Society and President of the Hellenic Brain Council. She is also chair of the Communication Committee of the Federation of European neuroscience Societies/FENS, member of the board of directors of the Greek Association of Academic Women (ELEGYP) and the European Brain Foundation in Brussels. Dr. Dalla serves as a member of the Gender Equality Committee of the NKUA and she is chair of the Gender Equality Committee of the Medical School. She is co-chair of the event's working group at ALBA Network: towards diversity and equity in brain sciences, section-editor at European Journal of Neuroscience and member of the Educational and Scientific Advisory Panel of the European College of Neuropsychopharmacology-ECNP. She also serves at committees at the National Medicines Association of Greece (EOF) and the Ministry of Health. Her work focuses on sex differences in neuropsychiatric disorders and novel treatments with a focus on depression, Alzheimer's disease and anxiety. Dr. Dalla received her first diploma from the Pharmacy School of the National and Kapodistrian University of Athens in 2000 and continued her studies in Neuropsychopharmacology, Behavioral Neuroendocrinology and Neurosciences in Athens, at the University of Liege in Belgium and at the Rutgers University of New Jersey, U.S.A. with two European Union Marie Curie Fellowships. She has received the "L'Oreal- Unesco" for Greek Women in Science and the ECNP fellowship award. Finally, she is actively participating in public activities for brain awareness and women's medicine, such as publishing of books for the public.
